

EasyLiving has partnered with Lyft Concierge to provide on-demand transportation services with a friendly local driver. Whether it be to doctors' appointments, the grocery store, a social function with family and friends, EasyLiving with Lyft takes you where and when you need to go.

Our Lyft Concierge partnership allows us to dispatch on demand or schedule rides for individuals. You get full visibility into the ride details and a seamless ride-request experience.

- Request a ride on behalf of someone else
- Rider does not need a smartphone or the Lyft app
- Pre-schedule rides
- Real-time data
- Web-based for accessibility
- Upfront prices for all rides\*

#### What Do I Need to Schedule a Ride?

-  Passenger's name
-  Phone number (mobile if available)
-  Pick up location (both ways)
-  Drop off location (both ways)
-  Credit card information

#### Getting Paired with a Driver

Once we submit the ride request, the passenger will get paired with nearest available driver. EasyLiving will have access to the estimated time of arrival, driver's phone number, vehicle information. Upon arrival, the driver may call the passenger to let them know they have arrived. Once the passenger enters the car, the ride will officially start. EasyLiving will be able to track where the driver is on the map for the duration of the Lyft ride.
